Five Simple Steps for Wearing Toppers

1. Choose:

- Use a fabric tape measure to measure area of hair loss. **Topper's base should extend 1" beyond that area** (to ensure there's enough hair to attach it to).
- Choose an ENVY Topper whose style & base construction best meets your needs. For example: If you want to be able to wear hair off-your-face, then a Lace Front Topper is best.
- Choose the shade that best matches biological hair color (using **ENVY's Synthetic Hair Color Ring** if actual toppers not available).

2. Align:

Place Topper on head, with front **1" (or 1-2 fingers) behind the natural hairline** (incorporating hairline to create the most natural look). Note: Those with no hair in front can remove front clip and use adhesive.

3. Style:

Remove Topper and style bio hair **to match Topper** (straightening, curling, adding waves, etc. as needed).

4. Secure:

Realign Topper and clip in place.

5. Blend:

Blend/style with wide-tooth comb to create desired look.

What you'll need:

Tape Measure

ENVY Synthetic Hair Color Ring

Wide-tooth Comb
